## Reading Instruction Migrant Education Program-Summer Application

All children who are to receive reading instruction as described on this page should be entered here. Under special circumstances, this may include high school students.

District and Building names are prefilled. Return to the District Information page to make edits.

Use the previous application year's information to fill numbers to be served. (If you have nothing to fill in and are planning on providing reading instruction, return to the Needs Assessment tab and check the reading instruction box.)

Save this page and go on to the Mathematics Instruction tab.
